

We are one of the first parents for Appleseed Almaden. Our daughter Diya, joined the Toddler class (N3) when she turned 18 months. She moved to the preschool classroom W5 when she turned 3. It has been a very pleasant experience for us for the last 2.5 years +. Thanks to the teachers, they have been influential in her development.

Diya is enjoying every day at school and very often she ask us whether she can call the teachers and go to their home for the weekend.

We are planning to keep Diya at Appleseed Almaden till she goes to Kindergarten

Thanks to Ms. Sarah, Ms. Soon Ok, Ms. Joanna & Ms.Valerie for making Diya's initial schooling very pleasant and building the foundation for her future learning.

***Best Regards,  
Manju & Santhosh Pillai***
